

Hestia Blinds Installation Guide

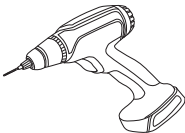

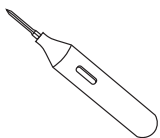

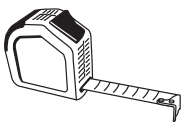

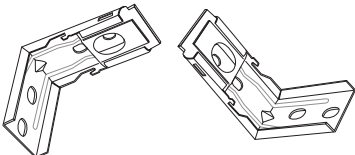

Thank you for purchasing our window shades. This guide will walk you through the installation process for both inside and outside mount. Proper installation ensures that your shades function smoothly and provide the desired aesthetic and privacy. Please read through the entire guide before beginning.

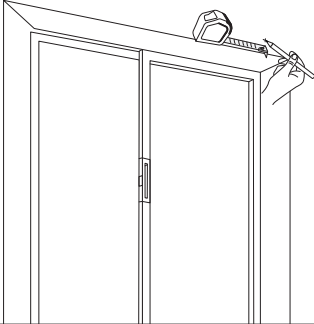

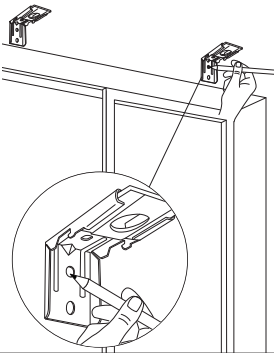

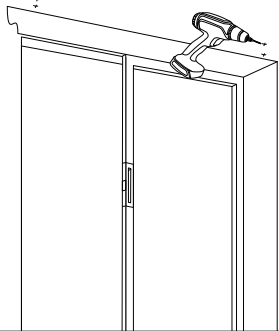

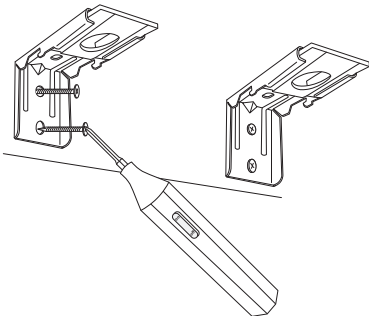

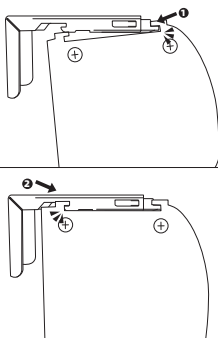

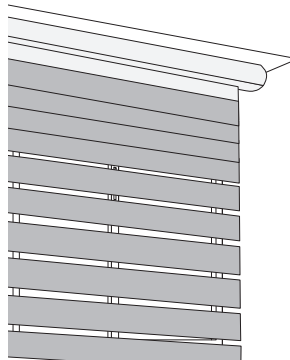

Tools Before diving into the installation process, ensure you have the following tools ready:				Brackets
				
• Drill	• Electric Screwdriver	• Tape Measure	• Pencil	• L-Shaped Brackets

Inside Mount		
1		
Measure the installation distance needed using a tape measure and mark it with a pencil.		
2		
Put the brackets on the wall and mark the drilling positions using a pencil.		
3		
Use a drill to make holes at the marked spots.		
4		
5		
Install the headrail by hooking the front of brackets and press down on the plastic clips to push blinds towards the back of brackets, in a rolling motion, until clicks place.		
		
Installation completed.
